Last letter
from our darling

OCTOBER 9, 1967

Dear Mother & Dad,

Here is just a short note to let you know how we are. We received your letter and were so glad to hear from you. Thanks so much for the clippings, I sure enjoyed them. Mickey's girl is real cute and it was good to see old Deanna. Guess what Mac discovered--he has been teaching with one of my Kappa Delta sisters right in his own school! Her name is Jolene McKelvey, maybe you remember hearing me speak of her. I plan to call her and see her soon.

We slept real late Saturday and it came a real good rain that morning. Then I did a little house cleaning and Mac helped me. We got the twin beds out of the middle bedroom, so I can really go to work now fixing up the nursery. That afternoon about 5:30 we went over to Pat and Nancy"s and had hamburgers with them. I took a pumpkin and cherry pie. The boys went to see South Garland play ball that night and Nancy and I took care of Pat Jr. and I knitted. I'm working on a sweater for Mac. We had a good time.

I guess you know by now that Richardson lost to Thomas Jefferson Friday night. Mac had scouted them and said we would take them by 4 touchdowns. But Richardson didn't play well at all and T.J. really did. We were winning, though, up until the last 18 seconds of the game and then they scored. Next Friday is our first district game against Mesquite, but we won't see the game because Mac is scouting Garland. So, we are planning to see Garland play Highland Park and Nancy is going to try to get her sister to stay with the baby so she can go too. Then Sat. we plan to go to Malakoff and hope to see Tommy Godwin and Wharton Jr. College play Navarro in Corsicana Sat. night.

We drove to Joshua after church yesterday. It was a beautiful day and we enjoyed the drive. Mac & his granddad watched the Cowboys and the World Series by switching back and forth from one to the other and I rested and knitted.

I will close now to mail this. I've been feeling real good and go to Dr. this Saturday. Bye for now.

Love,
Wil & Mac
