WE WANT REGIONAL

March 8, 1957

Malakoff, Texas

ATTENTION ALL STUDENTS!!! STUDY HARDER

"Aw, why study, we ain't got nothing to study for." That is a crack that is often heard and made by the students of M.H.S. It is no longer necessary because now we do have something to work for. It is a new addition to our school program and it should be a welcome one--exemptions.

The idea of exemptions was brought up by our newly-organized Student Council, which is doing a good job, and the plan for it was laid. A student can't make under an A on his grade and still be exempt. Seniors can be exempt with a B. We also must maintain a good attendance record. There are two kirds of absences, excused and unexcused. An excused absence is considered one that is when you are sick, death in family, someone in family is sick, and other "have-to" things. Unexcused absences will knock off on your grades. Every time we miss school we come closer to losing a much needed teacher.

It would be wonderful to relax while the rest of the students are racking their brains studying for their finals. We now have that opportunity, and if we make the best of it by studying harder, we will be exemption bound.

THE VOICE OF M.H.S.

W.C.S. ENTERTAINS M.H.S. SENIORS

The Women's Christian Society entertained the seniors and their room mothers with a brunch Thursday morning at the new Methodist Church.

FISH BAIT

It looks like Bill and Rita aren't going steady any longer. Just ask Helen Washburn.

Some of those shoe boxes are surely looking nice from the Ag. building.

Ask Aaron about his case with a certain sophomore girl with the initials of D.P.

A freshman girl is awfully lonely since her boyfriend moved to California.

It seems like Olen Miller comes to Malakoff a lot to see an eighth grader with the initials of J.R.

M. H. S's Baby will be a teenager Saturday, March 2.

Ask Lokie Nokes who comes to see her and uses the telephone a lot.

Some of the freshmen girls fuss about who's going to sit by Aaron Daugherty.

Valdean and Cecil are really teased a lot about each other.

Helen Turlington has been seen lately with Kelly Whitehead.

Patty Carter can't make up her mind about whom she likes. We think it might be a senior with the initials of D. H.

We wonder how Olen Miller and Jerry Wayne got the name of "mumbles?"

It seems that Joann Wallace has become pretty popular in the freshmen class.

We have learned that Joe Wallace is about the size Napoleon was. Wonder how he would look in one of Napoleon's suits?

W.C.S. ENTERTAINS (cont.)

The meal consisted of eggs, sausages, sweet bread, biscuits, cocoa or coffee, orange juice, jelly and butter.

After the meal was finished a short program was furnished in which the seniors took part. It was a skit on George Washington, which was conducted by Mrs. Shrum Mrs. Gilmore gave a talk on the way we spend our days.

When the program was completed, the Reverend Pete Shrum, conducted a tour of the church, and explained the different symbols which represent Christianity, and why the church was built the way it was.

When the tour was completed the seniors returned to the auditorium of the church where the pastor led them in several songs, after which they returned to school.

CONGRATULATIONS, TIGERETTES

DISTRICT TROPHY PRESENTED

A hard fought for first place district 18-A trophy was presented to the Tigerettes in a short assembly, Monday, February 25.

As for back as anyone can remember this is the first time in the history of M.H.S. for the basketball girls to win such an honor.

The trophy is a gold emblem of a basketball set on an ivory case.

Judy Farmer and Blanche Allen, captains, were presented the trophy by Mr. Larkin, principal. In return they presented the trophy to M.H.S. to be put in the trophy case.

The girls won first in round-robbin and went on to win first in the district tourney, thus giving them the honor of winning first in district.

TIGER TRACK

Prospective stars of the track and field world reported to coach Loggins on the 21st of February to gegin trying to scrape up a fourth consecutive championship in district for the Malakoff Tigers. About 30 boys reported to the first drills, and it was very plain who they were the next day as they were hobbling round from soreness. About 10 or more freshmen reported, promising a good juricr team.

Malakoff moved up a notch in football and basketball and the same holds true in track. The Tigers will have a tough time upholding the winning tradition of earlier teams as they will be in the same district with mighty Canton who won regional last year and has practally the same team this year as last. (Weren't they also considered a shoo-in for district honors in football too.)

Malakoff will enter at least 2 meets this year. The first will be the Dogwood Relays at Palestine on March 16. The Tigers will also enter the district meet at Pinecla. The date for this meet has not been set, but the winners of this meet will go to Regional at Kilgore, and winners there will go to the state meet at Austin.

Prospects include: sprinters; Andy Morrison, Billy McGee, and William Giles, Distance Men Don Henderson, Milburn Holt, Willard Wood and Hurdlers Neil Williams, Kenneth Carroll, and Gary Spivey. Weight men are Eddie Nokes, Davy Anderson and P. D. Bankston.

CARTER IS UNANIMOUS ALL COUNTY CHOICE

Kenneth Carter, local cage star, was a unanimous choice for the Coaches' All Henderson County Basketball Team which was related in the Athens Daily Review. This is Ken's second appearance onethe mythical team which has been chosen for 3 years. Carter, who has averaged 20 points per game, is one of the leading scorers in the county.

Rounding out the team were Breedom, of Chandler, Hutton of Chandler, McQuien of Brownsboro, and Boles of LaPoyner.

Billy McGee and Tony Womack MHS also made the honorable mention team.

Scoring was by points on a basis so that only the finest players of the county could make even the honorable mention list as they would have to poll aat least 20 points.

TIGERS RECEIVE FOOTBALL JACKETS

The Tiger football squad of Malakoff High School received their awards for the '56 season on Thursday, February 14.

Members that received jackets were Captains Don Henderson, Bo Johnson and Eddie Nokes, Joel Rogers, Gary Spivey, Marion Washam, Neil Williams, Paul D. Bankston, Frank Garcia, Billy Jo Robertson, Don Robertson and Larry Surls.

Ones who received sweaters were Willard Wood, Bill Kirby, David Anderson and Steve McKamie.

Coaches Bill Loggins and Bob Farmer received a black blanket with a gold M on it.

BASKETBALL JACKETS ARE ORDERED

Basketball jackets for 1957 were selected and ordered on Wednesday February 20 by the boys and girls.

The girls' jackets are to be black with black and white knit on the waistband and sleeves. They are the standard style of girls' jackets. The "M" is black set on a gold background.

Girls receiving the jackets are: Juky Farmer, Blanche Allen, Carolyn Cade, Betty Millard, Nelda Turlington, and Betty Brannon. Delores McLain and Patty Carter will receive sweaters.

The boys jackets are to be black with black leather sleeves. There will be white stripes around the knit on the sleeves and waist band. The "M" is to be 3D, black on a white background.

Boys receiving the jackets are: Tony Womack. James Pryor, Billy McGee, Kenneth Carter, Andy Morrison, and the manager Jerry Miller.

KNOW YOUR SUPERINTENDENT

This week the "Tiger Rag" staff wished to make each of the readers better acquainted with a man whom we have already known for some time.

This man was born in Grapeland, Texas but finished his high school education at Corrigan, Texas. He, then entered Lon Morris College, and from there he went to Stephen F. Austin to get his master's degree.

In 1942, Miss Inez Weesner became his bride. They were married at Frankston which was her home town. They have one son, Mike, who is eleven years old and is now in the sixth grade at our local grade school.

His winning smile and red hair make him attractive to all the students of Malakoff High School. His favorite pastime is watching television and he likes all foods except English peas.

He came to us from Hudson Independent School at New Lufkin in 1953.

Of course, you have guessed who hi is by now but in cast you haven't, he's our own superintendent Mr. Norris Starkey. We of the staff, speaking for all the students and teachers, would like to say "thanks" to Mr. Starkey for all the things he has done to improve our school and to make it a better one to attend.

POLL PARROT SEZ

Poll wants to congratulate each and every one of the Tigerettes on winning Malakoff girls' first basketball championship. This is indeed an honor for MHS.

"Our boys are due a lot of credit also," sez Poll, "they worked just as hard as the girls, but I think they had a little more competition than the Tigerettes."

The Tigers toughest oponent, Brownsboro, went on to win bi-district also, so this should make the Tigers feel some what better, knowing that Brownsboro had a good team.

"Those Texas storms are something", Poll sez. He started to fly to town one day last week, and on the way his cage passed him three times.

Poll's cousin once told him never to contradict a woman, just give her enough time and she would contradict her self.

TALL TEXANS ATTEND M. H. S.

There are a number of "Tall Texans" who attend school at M. H. S. Among these "Texans" are slender, medium, and pleasingly plump boys and girls.

Looking over the boys, Larry Surly, Eddie Nokes, Kat Carroll, Tony Womack, and James Newell would be considered five of the tallest in M. H. S.

Larry Surls, Eddie Nokes, and Dat Carroll should be proud of their height because it is to their advantage playing football. Their height enables them to intercept passes much easier. Tony Womack is closer to the goal when playing basketball then he would be if he weren't so tall. James Newell's height and long reach aids him when working on automobiles; he can get to all out-of-the-way places much easier.

There are also several tall girls who could be considered tall "Texans". Judy Farmer, Betty Brannon, Gearldine Bowman, Theasa Shelton and Mary McLauchlin would be a few of these girls.

Judy Farmer, Betty Brannon, and Theasa Shelton should be very proud of their height because it enables them to stay closer to the ball when playing basketball. Gearldine Bowman and Mary McLaughlin should be proud of their height because they can see over a crowd much better than they could if they were short.

These students should be proud of their height because they can call themselves "The Tall Texans" of M. H. S.

SONG DEDICATIONS

"Teenage Crush" from the couples of M.H.S. to Mr. Starkey.

"Take Me. Back, Baby" Joel Rogers to Mary McLauchin.

"You Don't Owe Me A Thing," Sally Dodson to D.W.

"Playing for Keeps" from Bill to Rita.

To Gary and Shelia from M.H.S. Young Love.

From Pedro to Patty, "Singing the Blues."

"You Ain't Nothin" but a Hound dog" from Eddie to Mary C.

"You're a Thousand Miles Away" from Betty J. to Jerry F.

From Jane to Bo, Pledging My Love."

"Fools Fall in Love" from P.D. to Helen.

From the boys who want to play b.b. at activity period to Mrs. Cartlidge, "Don't Forbid Me."

PO-DIDDLING

Trailboss Cade as he is called has a new way to stop loud talking in his study hall. If a boy gets out of line he isolates him at a table by himself for a week. That dreaded table has caught the name of "Sing Sing Cell Block".

Mr. Larkin is always seen eating ice-cream or talking Alegbra.

Coach Loggins has been branded by many names since he has coming to M.H.S. but one that was branded on him by "Scab Carter" was A. Jax, which he doesn't like. When Buster calls him A. Jax's, coach calls him "Buzzard Bait".

During the English Six-week test Mrs. Cartlidge and Earl May were sitting in front of the room. wonder how this came about?

It seems by Mr. Farmer's good coaching job and the girls' hard work has finally won Malakoff's first district Championship.

You really can tell when there is a speed test in Mrs. Herrington typing class. Students can hear the clock from one end of the hall to the other.

A BUSY MAN - MR. WILL

One day the President of the United States was visiting the school in Texas. As he went from one school to another, he noticed how messy they looked. Paper was all over the school yards, the halls were dirty, cob webs hung from the ceiling, and the waste paper baskets were running over with junk.

He was just about ready to give up until he got to the Malakoff High's campus. As he walked into the building, he was amazed to see it so clean. The hall and rooms were spotless, the waste-paper baskets clean as a whistle, and everybody's locker door was shut!

Do you know why? Well, all the other shcool didn't have a Mr. Will.

All kidding aside Mr. Will, if it weren't for you the place would be in a terrible shape. We know you do lots more things than sweep the floors and empty the waste-paper baskets, but there's so many the paper isn't long enough to mention all of them, so we will just say "thanks" for all you do.

PERSONALITIES

Personalities chosen for this week are Deanna Pool and Larry Surls. They are both Sophomores.

Deanna is 5'4", has dark brown hair and green eyes. She has been a majorette for two years and is a member of the student council.

Deanna works at the Hospital on her time off and plans to become a doctor.

Larry is 6'3" tall, has black hair and brown eyes. He has played football two years and is vice-president of his class. His favorite pastime is swimming and fried chicken his his best liked food.

Congragulations to these two!

SENIOR DOINGS

The Seniors has chosen their play and the cast is now being picked. The actors are being picked according to the part that best fits their personality and acting ability. The name of the play is Calling All Girls and it consists of three acts.

All of the seniors has a wonderful time at the Brunch given them at the Methodist Church last Friday.
